## ★ WHO WE ARE

As a foodservice, hospitality or long-term care professional in charge of warewash, laundry or housekeeping operations, you are faced with cleaning and sanitation challenges, service and delivery issues and maintaining the health and safety of your staff on a daily basis. Chemsyn can assist you by allowing you to focus on the things that really matter and bringing you peace of mind.

How? By providing you with customized sanitation programs that bring together products, equipment, service and training helping you maintain a high standard of sanitation, efficiency and safety across your operation.

## ★ COMMERCIAL WAREWASH

Chemsyn offers clients a variety of customized commercial dishwashing solutions that guarantee the highest level of sanitation in both high and low-temperature machine environments with the greatest total savings to your operation. Whether you are a full-service hotel, long term care cafeteria, restaurant, banquet and conference centre or food production plant, Chemsyn has a variety of products to address all of your kitchen cleaning and sanitation needs ensuring the highest level of food safety possible.

Our warewash solutions seamlessly integrate the delivery of products necessary to maintain the highest level of sanitation in your kitchen, the technical service required to keep your machines in proper working order and the product training that allows your staff contribute to a safe, effective and efficient working environment. Both **Eclipse™** and **Sunrise™** - our Premium and Professional product lines - ensure superior residue-free, high shine results, reduce waste and prolong the lifespan of your tableware. Ask us about our full line of Kosher supervised and certified warewash products.

## MACHINE LEASE-TO-OWN PROGRAM

As part of our service, we offer clients a wide selection of precision warewash systems, solutions and proportioning/dispensing units including a full Machine Lease-to-Own Program with a number of benefits including brand-name models – **American Dish Machines, Hobart, Moyer-Diebel** and **Blakeslee** – machine ownership, flexible terms (24-60 months) with credit approval and no-cost system maintenance giving you complete control of your warewash system. Our highly trained team of technicians will assess your needs, assist you in planning the most effective system setup and provide full consulting services.

## ★ MACHINE & SYSTEM TECHNICAL SERVICE

Chemsyn prides itself in consistently meeting and exceeding the service benchmarks we have set in the industry with our **“On-Time, All the Time”** service for order fulfillment and delivery, maintenance and problem resolution.

Our highly qualified service professionals and technicians provide uninterrupted machine and system service **24 hours a day, 7 days a week, 365 days a year** to meet your needs with unmatched, same-day response time guarantees, regularly scheduled maintenance and inventory checks. Our mission is to provide unparalleled service quality to all of our clients – big and small. It is what sets us apart from the competition and consistently wins your business.

## ★ LAUNDRY SOLUTIONS

We know that running a highly efficient, safe laundry operation while meeting reduced water, energy and product waste mandates on a tight budget is no easy task.

It is becoming easier to outsource at a higher cost than to maintain an in-house operation but Chemsyn can help. We offer a full service laundry program that allows you to achieve all of your sanitation and budget

objectives with our comprehensive line of proven, heavy-duty **Milkyway™** laundry products, dispensing systems, maintenance schedules and staff training programs.

Our detergents, alkaline/boosters, destainers, neutralizer/softners, starches and mildew removers are designed to remove the toughest of stains, refresh, soften and effectively eliminate wrinkling and static build-up even at low temperatures leaving your facility with the whitest and cleanest of sheets.

Our Laundry specialists will work closely with you to assess your requirements and provide cost effective solutions to improve the efficiency of your operation, reduce waste and energy, improve safety and generate proven, consistent results.

## ★ CUSTOMIZED TRAINING PROGRAMS

At Chemsyn, we understand that quality products are not the only criteria for implementing successful warewash, laundry and housekeeping sanitation programs. Having trained and qualified staff is also critical in guaranteeing the most effective and consistent system performance. It is also the key criteria in reducing overall costs, minimizing waste, increasing machine and system life spans and maintaining a safe operating environment.

As part of our service guarantee, customized staff training – product and system oriented – for warewash, laundry and housekeeping solutions is provided by our Client Service teams. In consultation with you, we will develop programs to fit every employee skill level and deliver them to those parts of the organization that require them. WHMIS training is a standard part of our staff training programs and is provided initially when client service begins, periodically for new staff and refresher courses are offered upon request.

## ★ HOUSEKEEPING SANITATION PRODUCTS & SYSTEMS

Our comprehensive line of sanitation products also includes front and back of house solutions that are formulated to offer the best cleaning results for your entire facility. With its roots in janitorial services and staffing, Chemsyn is ideally qualified to assess the product and system needs of your facility and provide solutions to assist your staff in maintaining the highest standards of cleanliness at the lowest possible cost. Everything from cleaning and sanitation products to janitorial hardware is readily available for your one stop shopping convenience.
